Dear Marc:

On behalf of the City of Pleasant Hill, I'm writing to request approval from the Missouri STP/BR Priorities Committee to move two projects from FY 2013 up to FY 2012. The projects we wish to advance are:

- STP-3301(476) Pleasant Hill MO 7 at Country Club Drive Intersection Improvements
- STP-3301(460) Pleasant Hill Bus. MO 7 Roadway Improvements

This request is being made in order to coordinate these projects with other projects scheduled for 2012. Specifically, we wish to coordinate the MO 7 at Country Club project with MODOT plans to resurface MO 7 next year, and the Business MO 7 Roadway Improvements project with a TE trail project a part of which will also be located on a section of Business 7.

Thank you for your help in this matter. If I can answer any questions about these projects and/or our request to advance them, please let me know.

Sincerely,

Mark Randall
